

Dr. Meicro – My Virtual Assistant

Hey kiddo! I'm
Dr. Meicro! What
would you like
to know about
your blood test
or injection?

Dr. Meicro is your very own virtual assistant!

They are available 24/7 to provide information and resources to children and young people about their blood tests or injections, so they can begin to build their coping toolkit.

We know that sometimes it can be scary to have an appointment with the doctor, so Dr. Meicro is here to help.

Why not ask them a question?

Scan this QR code with your smartphone camera, and click on the blue chat bubble icon in the bottom right corner.
